

NARENDIRAN THANGATHURAI

Senior RPA Developer | UiPath Certified Advanced RPA Developer

narendiran1999@gmail.com | +91 6385462532 | linkedin.com/in/narenrpadeveloper | Chennai, Tamil Nadu, India

PROFESSIONAL SUMMARY

UiPath Certified Advanced RPA Developer with 5 years of experience delivering automation solutions in the banking and finance sector. Strong background in process discovery, workflow optimization, and cross-functional delivery within Agile Scrum teams. Recently expanded into Agentic Automation, orchestrating AI agents alongside traditional RPA using UiPath Maestro and Agent Builder.

CORE SKILLS

UiPath Studio & Orchestrator • UiPath Maestro • UiPath Agent Builder • UiPath Agentic Automation • Blue Prism • Process Discovery & Feasibility Analysis • RCA & Troubleshooting • Workflow Design, Testing & Deployment • Automation Optimization • Stakeholder Communication • Mentoring & Training • Agile Scrum • C, C++ • Excel, Outlook, SQL, Pega, SAP, Mainframe & Web Integrations • Citrix Automation • Exception Handling • API Integration

PROFESSIONAL EXPERIENCE

RPA Developer

WNS Vuram | June 2021 – Present

- Deployed 20+ production automation workflows for banking and finance clients, cutting manual processing effort and lifting operational efficiency by 50%.
- Owned the full automation lifecycle — process discovery, feasibility analysis, workflow design, development, testing, and deployment — for client engagements in insurance and banking operations.
- Integrated UiPath with Excel, Outlook, SQL databases, Pega, SAP, Citrix applications, mainframes, and web applications.
- Created technical design documents for RPA solutions in collaboration with Business Analysts and incorporated their review feedback.
- Conducted client demonstrations of completed RPA solutions, showcasing automated functionality and gathering feedback for enhancements.
- Diagnosed and resolved recurring failures in live automation workflows, reducing downtime and improving bot reliability for business-critical processes.
- Standardized and optimized 5+ existing workflows, reducing processing time and cost
- Participated in Agile Scrum ceremonies, including daily stand-ups, sprint planning, reviews, and retrospectives.
- Mentored new team members on UiPath development standards, code review practices, and debugging techniques.

ACHIEVEMENTS

- Secured 2nd place in the UiPath Hackathon 2022.
- Advanced to the finals of UiPath AgentHack 2025 - Designed an Agentic Automation workflow using UiPath Maestro to coordinate multiple AI agents with existing RPA processes.

CERTIFICATIONS

- UiPath Certified Professional Advanced RPA Developer (UiARD)
- Blue Prism Certified Developer
